Inspired by Romance

Celebrating endless blue sky greeting splendid surf, our uniquely designed, glass fronted Dewa Dewi wedding chapel embodies the essence of married life. Stone entrance landmarks depict two different personalities. A series of water features signify fluidity, a journey towards the same destination and the beginning of a harmonious union. The elevated floating alter platform overlooks a pond, in which vows reflect a mirrored understanding of your promises to one another. Wooden frames embrace you together and lean out to sea, representing a ship's voyage and your shared destiny. While a transparent outlook reveals the majestic Indian Ocean and uncovers exciting new horizons.

Experience a wedding ceremony that is yours alone, before relishing a first toast as newlyweds with cocktails on the cliff edge lawn. Then comes an invitation to live out the dream of a once in a lifetime honeymoon, with tailored packages that combine luxurious ocean facing pool suites and villas with Anantara's most intimate signature experiences.

Discover how cascading romance lasts forever at Anantara Bali Uluwatu.
